6835. SHRI K. RAHMAN KHAN: Will the Minister of PLANNING AND PROGRAMME IMPLEMENTATION be pleased to state:

(a) whether NIC (National Informatics Centre) has created any data base for providing information on the employment opportunities in the country for various categories;

(b) if so, the nature of information available;

(c) whether NIC is extending any support to the Department of Employment and Training in exchanging data on the job opportunities among different employment exchanges in the country; and

(d) if so, the nature of exchange of data?

THE MINISTER OF STATE OF THE MINISTRY OF PLANNING AND PROGRAMME IMPLEMENTATION (SHRI GIRIDHAR GAMANG): (a) Yes, Sir.

(b) A limited extent of information is available in the database created by NIC for the Department of Rural Areas and Employment under the Ministry of Rural Development for quick evaluation of training of rural youth on self-employment and concurrent evaluation of Jawahar Rozgar Yojana. In the Quick Evaluation or Concurrent Evaluation, a limited extent of information on the employment opportunities for various categories is available. This information is being culled out for creating a separate database for employment opportunities.

Similarly, NIC as assisting Department of Small Scale Industries and Agro-Rural Industries (SSI and ARI) in setting up the data base at District level on Prime Minister's Rozgar Yojana (PMRY). For this, the facilities are in the process of being created at District level during the year 1995-96 and 1996-97 at the 147 District Industry Centres. By the end of the Eighth Plan, this effort will lead to the creation of District/Block level database on employment opportunities under PMRY.

(c) Yes, Sir.

(d) On the basis of the request of the State Governments, NIC gives support in the Employment Exchange Computerisation activities, Databases so created have the facility for exchange of data on vacancy requirements and job opportunities within the State. As NICNET, has already linked about 470 Districts in the country, the Computer Communication network facility for such exchange of information already exists.
